

Tuesday 28th April

Good Morning Limetree Green

Did you enjoy the Superworm activities?

Are you ready to be a Superhero?

Today we will read the story The Snail and the Whale and go on an amazing adventure with a small creature who wants to see the world.

The fun activities continue with weighing measuring, mixing and rolling to make our very own salt dough snails.

We will be making a Whale out of paper (please visit our Rising 4's YouTube channel for a demonstration).

We will also take a trip down memory lane and talk about a favourite adventure we've been on and draw a picture to recapture that moment.

One of my favourite adventures was going to Golders Hill Park with you all to do PE and to talk about the changes in Spring.

Enjoy your journey of fun learning.

Take good care.

From Miss Loftman
