

Thursday 23rd April 2020

Good Morning Limetree Yellow!

I hope you enjoyed all of the activities you completed yesterday. Did you learn something new about the lifecycle of a butterfly?

I wonder if anyone has noticed a theme this week. On Tuesday you learnt about bees. On Wednesday you learnt about butterflies and today you're going to learn about ladybirds. What do all three days of learning have in common? I wonder if you can use what you know to guess what we're going to learn about tomorrow.

Today you're going to make a map. I know lots of you love making maps in Limetree Yellow and you take lots of care with adding small details to them.

Today you will also be making an obstacle course – this will be lots of fun! I wonder how quickly you can complete the course. You love doing obstacle courses with Coach Alex in P.E – I wonder if yours will be similar?

Have a fantastic day everyone!

Love from,

Miss Cassidy
