

Good morning Peach!

Date: 1st May 2020

Happy Friday! Are you all excited about today's story and activities? Was it a 'yes'? Great!

Today, we will read a story about a little boy called Oliver visiting his Grandpa and Gran. He will be exploring and eating lots of vegetables there. Can you think of some vegetables he might find in Grandpa's garden? What is your favourite vegetable? I wonder if veggies are good for us. Yes, they are super healthy because they have lots of vitamins.

After the story, we will make our own healthy and delicious vegetable soup! I cannot wait to hear from you telling me how much you have liked it.

Then, we will also spy and count some vegetables to remind you of all the numbers that we have learnt at Clowns.

We will also look at how to grow a bean seed and make our tiny greenhouse! I have also started to grow a few beans at home and will update you about their progress.

Make sure you watch my 'today's challenge'. There is a special guest for you to see and say hello to.

Have a lovely weekend and talk to you soon.

Love,
From Eva

My beans are growing roots.
