

# Good morning Peach!

Date: 23<sup>rd</sup> April 2020

**How are you all doing today? Today, we will be learning about ocean animals! Can you name some animals that live under the water? Maybe, you can sing our favourite song Slippery Fish for your family. If you prefer, you can watch your Peach teachers singing the song and join in.**

**We hope you will enjoy listening to Tiddler's adventure, learning some amazing facts about ocean creatures and making your own under the sea paintings. Can you share with us your beautiful pictures that you create?**

Eva
