

Good morning Peach!

Date: 24.04.20

Happy Friday! I hope you are all doing great and are ready for today's exciting learning and playing.

I wonder if you remember what animal turns into a butterfly. Do you know? Yes, it is a caterpillar and today, we will read a story about a very hungry caterpillar. Can you think of some food that the caterpillar might have eaten? Was it strawberries, a cake, or maybe a broccoli? Read the book and find out.

After the story time, we will be preparing some delicious and tasty snacks using fruits. Fruits are very good for us because they keep us healthy and strong.

We will also create paper chain caterpillars, do some threading and have a closer look at how a caterpillar turns into a butterfly. It would be amazing if you could paint a butterfly and share the picture with us.

I miss you very much and cannot wait to see you back at nursery again.

Have a lovely weekend!

Love,
From Eva
