

Good morning Peach!

Date: 27.04.20

How was your weekend everybody? I spent nearly whole weekend building dinosaurs out of Lego bricks. And what about you? What did you do? Wow, amazing!

I hope that you are now ready for some learning and playing. Today, we will talk about people who help us and decide what tools and equipment they need for their work.

Do you know what goes 'neenow, neenow'? Yes, it is our favourite fire truck and today, we will pretend to be fire officers putting out fire. That sounds fantastic, doesn't it? Can you think of what you will need to put out fire?

I will also need your help to rescue a lost teddy bear. I wonder where he might be, poor little thing. So hurry up!

Have fun with today's activities. Make sure to also visit our special Rising 3s video channel where you can find lots of videos that your teachers make just for you so you can learn more exciting things.

Love,
From Eva
