

Good morning Peach!

Date: 28th April 2020

Is everybody doing well? Did you enjoy playing fire officers yesterday?

Today, we will read a story of Chicken Licken and his friends. Something strange happened to Chicken Licken and he wanted to go to see the King to tell him about it. Can you think of what he wanted to share with the King?

We will also learn about farm animals and their babies who hid behind a tall grass! Will you help the farm animals to find their babies? If you want to learn more about farm animals, make sure you watch a video that I made for you.

Then, we will look closely at how a chick becomes a big hen or rooster and we will make our own chickens using a paper plate. I cannot wait to see your little chicks!

Moreover, there is a video of Julia who went to a farm and met some animals there. Can you guess what animals she visited?

I have also a little movement challenge for you. Watch the video and find out what it is.

Do not forget to share with us your photos and videos. It makes us very happy to see that you enjoy the activities.

Love,
From Eva
