

Tuesday 21st April 2020

Good Morning Rosewood,

Today we are going to be learning all about bees.

We will be listening to the story 'Buzz-Buzz, Busy Bees' before writing the names of some of the animals we see in the story.

We will also take part in a flower experiment! Observing what happens when white flowers are put into different coloured liquids.

Next, we will use pasta tubes to design and make our own beehives!!

We hope you enjoy all of today's buzzing activities!

Remember to send us pictures of all your brilliant work!

Love from,

Miss McDade
