

Dear Willow Class,

Good Morning! It's time to...Explore, Learn and Have FUN! 😊

Are you ready for another day full of learning, fun, joy and laughter? If yes, then, ready, steady, go!

'Tiddler' by Julia Donaldson is our story in focus today. Tiddler is a small fish with great imagination. Tiddler's stories are just phenomenal...but he's also always late for class...hmm... I wonder why? Do you know why? What about your imagination? Can you make funny stories? Scary stories? Any stories? Why don't you, dear parents and children, try to make the most amazing story ever - together, record it, and play it as a bedtime story?

We will also learn about ocean animals, make under-the-sea handprints, but also you can try some of these ideas:

- Hands-on-learning game: Fill them, Empty them – Parents, let your child place bricks, toys and crumpled newspaper into boxes or bags until the containers are full. The let them remove the objects to make the containers empty. Continue by letting your child fill and empty cups of sand or water.
- Snack idea: Serve foods that have hard and soft textures, such as crisps with whipped cream cheese or apple slices with yogurt.

Whatever you do, just make sure one thing...have lots of FUN! 😊

Have a wonderful day!

Mr.Andonov
