

Tuesday 21<sup>st</sup> April 2020

Dear Willow Class,

I hope you are well and keeping safe!

Today we will do activities and learning about the season of spring! ☺

We will be growing cress, painting blossom trees, talking about different forest and other wild animals and other spring related ideas, such as:

Snack idea – Dear Parents, please serve your child a 'rainbow' of fruit in a clear plastic cup e.g. red-strawberry / orange –clementine / yellow – banana / green – kiwi / blue – blueberry

Language idea – Make bird sounds by whistling or chirping. Listen carefully and try to imitate the sounds.

Movement – Kites in the sky. Stand in an open area and ask your parents to play your favourite music. Then pretend to be a kite flying in the sky and swoop up and down, twirl around, wiggle and have lots of fun!

Continue mark making and draw anti-clockwise circles and lines which all leads into forming letters. Write the first letter of your name by using shapes, anti-clockwise circles and lines. If you can do this try out other letters too.

I'm missing you all very so much! ☺☺

I wish you a great day, full of fun, love, health and happiness!

Mr.Andonov
