

Thursday 7 May 2020

Dear Willow Class,

Good Morning! It's time to...Explore, Learn and Have FUN! 😊

Today is all about being creative and full of imagination, something you dear children, parents and carers are outstanding at.

Think about all the role play games you created out of nothing and the long hours spent playing, generating new rules and instructions. What about drawing and painting, all those amazing masterpieces you've made. Let me think about dressing up, what was your favourite character to dress into? Did you use any props? Did you make your own props instead?

We will do lots of activities such as playing with cornflour texture play, strengthen up fine motor skills through finger gym activities and expressing in creative ways by making a den with various items from your household.

Remember to practise our letter, number and language of the week. Enjoy!

Have a wonderful day!

Mr Andonov
