

13 May 2020

Dear Willow Class,

Good Morning! It's time to... explore, learn and have FUN 😊😊

Today we will do a little bit of everything...revisit our favourite topic rainbows and practise our fine motor skills, then have lots of fun as the children will look for treasures in shaving foam, and finally go around the house for recycling/rubbish items such as wrappers, boxes and make a robot out of it.

Please talk about our planet, how we can keep it green and clean, what pollution means, how to reduce, reuse and recycle, what littering means etc.

Please remember to send us pictures of your incredible activities and fun. Many thanks in advance.

Furthermore, remember to revisit and try our weekly activities/initiatives such as letter of the week or language of the week.

Adult supervision is required for all activities, and please only do activities that you feel are safe, funny and interesting for your children. Enjoy!

I wish you a great day full of fun, love, health and happiness!

I miss you all, stay safe!

Mr. Andonov
