ACTIVITY IMPLEMENTATION (including key questions)	
<p>Before commencing this activity, ensure that you and your child have read the story <i>On the Way Home</i> by Jill Murphy to your child. <i>If you do not access to the book please follow the link provided to the story.</i></p> <p>Introduction:</p> <ul style="list-style-type: none"> Discuss the topic of people who help us with your child, referring to the story <i>On the Way Home</i>. *What happens in the story? *How do you think Claire can make her knee better? *Where do you think Claire would need to go? *Is there anything Claire could put on her knee to make her better? <p>Main Activity:</p> <ul style="list-style-type: none"> Ask your child to imagine if s/he was a doctor/nurse, how would he/she help Claire? Your child could role-play with a sibling, or his/her toys. Allow your child to use his/her imagination and provide props such as doctor tools and accessories if possible. You could also create props or pretend that objects around the house are doctor tools. *How could you help Claire? *Can you think of a time when you were injured? *How did that make you feel? *What does a doctor do? *Can you think of anyone else who could help Claire? <p>Challenge:</p> <ul style="list-style-type: none"> To conclude this activity, create a poster with your child about first aid. Think about what type of things you would find inside a first aid box? How can we help each other if there is an accident? 	

Individual Activity Lesson Plan

- Your child could draw images and write key words and labels if confident to do so.

Additional ways to support your child:

- Provide images of doctor's sets and tools with names.
- Model and demonstrate a scenario.
- A link to a video about what doctors do
