

Hello children,

My name is Sam and I am a dentist. I help lots of people with their teeth.

I have heard that you are all very kind and helpful children, so I am hoping you can help me. I need some new posters to put up around my surgery to show people how to brush their teeth.

I need the posters to show the whole sequence of brushing, so that people can learn how to get nice clean teeth. The posters need to show each step in pictures.

Please make sure that the pictures are in the right order.

Thank you for helping me.

From Sam
