

# Easy Salt Dough Recipe: Stars

## Easy Salt dough recipe:

- 2 cups of flour
- 1 cup of salt
- UP TO 1 cup of water (less is better!)
- Acrylic Paints for painting
- Cookie cutters

- 1) Mix your ingredients. Be sure to add the water gradually. I often only use 1/2 – 3/4 of a cup of water. You do not want your dough to be sticky.
- 2) Roll the dough out to about 5mm.
- 3) Use cookie cutters to cut your shapes – use star cookie cutters if you have them available. Why not use different sizes? That would look lovely too! Use a skewer or chopstick to make holes for hanging.
- 4) Bake in the oven at 100C for 3-4 hours. Do turn your salt dough items 2-3 times AND re-insert you skewer to make sure that the holes do not bake shut. Make sure they are fully dried! After baking, I like to leave them an additional 2-3 days if possible – near a radiator to dry out completely!
- 5) Once fully dry, paint them with gold acrylic paint or spray paint if you wish.
