

Individual Activity Lesson Plan

Under the sea

Date: 02.06.20	
Activity Title: Fruit Fish	
Learning Intention:	Activity Overview: Can you use different pieces of fruit to make a fish?
<ul style="list-style-type: none"> Expresses own preferences and interests. 	
Links to EYFS:	Key vocabulary: Fish, water, sea, body, eyes, mouth, fins, swim, fruit, orange, banana, strawberry, blueberry, bubbles.
<ul style="list-style-type: none"> Personal, social and emotional development: self confidence and self awareness: 22-36 months 	
Resources:	
<u>Orange and blueberry fish</u> <ul style="list-style-type: none"> 1 orange Handful of Blueberries 1 strawberry 1 Baby Carrot Icing Sharp knife 	
ACTIVITY IMPLEMENTATION (including key question)	
Introduction:	
<ul style="list-style-type: none"> Look at the images below of different sized and patterned fishes. Decide which fruits you would like to use to create your fruit fish. There are a few different pictures to give you some ideas. 	
Main Activity:	
<ul style="list-style-type: none"> Ask an adult to help slice an orange into thin slices. You can ask your child to choose 3 slices to place onto a long plate or chopping board. Place a small icing dot on each slice of orange for an eye. If you don't have any you could always use a blueberry as an eye instead. Let your child use a butter knife to cut into a strawberry to make 2 small pieces to form a mouth, for each fish. Using a sharper knife, ask an adult to slice a baby carrot into thin slices. Your child can choose 2 slices for each fish for a fish tail. Lay the blueberries on the table and ask your child to pick 3 blueberries for each fish to create bubbles. 	
Activity review:	
<ul style="list-style-type: none"> Take photographs of your fruit fish models and send them into us as info@clownsnursery.co.uk for us to see! 	
Additional ways to support your child:	Extension:
<ul style="list-style-type: none"> Allow your child to choose which fruits they like and want to use. They may wish to replace the orange slices with apple slices for example or the blueberries with cut up grapes. 	<ul style="list-style-type: none"> Make a more complex fruit fish by using strawberries and bananas for example, as shown in this picture.
