

Hello children,

My name is Sam and I am a dentist. I help lots of people with their teeth.

I have heard that you are all very kind and helpful children, so I am hoping you can help me. I need some new posters to put up around my surgery to show people how to look after their teeth.

I need you to make a poster to encourage people to clean their teeth at least twice a day; eat healthy foods and visit me (their dentist!).

Thank you for helping me.

From Sam
